

Alzheimer Society of B.C. Online Campus

The Alzheimer Society of B.C. online campus is now available, and there are some GREAT educational components.

1. Online Campus:

You'll need to click "Register" (see link at the bottom here) to get started. Free registration to log in.

- Here is the information page about the campus:
<https://alzheimer.ca/bc/en/onlinecampus>
- And here is the direct link to the online campus itself
<https://alzheimerbc.tovuti.io/>

To view the courses, click [Courses](#).

Select some of these to highlight at your family council meeting. Invite one of the staff at your care home to say how/if they apply what is in these courses to resident care.

There are currently 5 "Communication for Care partners" courses, two "Dementia and culture" courses, and an "Introduction to dementia" course.

2. Communication series: [CLICK HERE](#)

- **Audience:** Care partners and others wanting to support a person living with dementia
- **Description:** Learn all about communication changes and strategies through five courses focused on communicating with people living with dementia.
- **Estimated time of completion:** One hour per course

ILTCCABC

Independent Long-Term Care Councils Association of BC

Your provincial long-term care councils' association

There are also dementia and culture courses designed for health-care providers, but they will give family councils some excellent insight into the valuable training that the Alzheimer's Society provides for free:

Communication resilience: [Coping and adapting to changes](#)

3. Dementia and culture

- **Audience:** Health-care providers
- **Description:** Enhance your cultural competence by gaining essential insights into how culture affects the understanding and experience of dementia for Indigenous, South Asian and Chinese Canadians.
- **Estimated time of completion:** One hour

4. Dementia Fundamentals

The Introduction to dementia course provides a solid foundation of the basics of dementia. Through four comprehensive lessons, you will learn the fundamentals of dementia, including its definition, types and common symptoms.

Dementia fundamentals: Introduction to dementia

 Lessons **5**
