

SHOP - Shared Health Organizations Portal

SHOP is the central access point for policies and decision support tools (guidelines, procedures, protocols and standards (DSTs) for Providence Health Care (PHC), Provincial Health Services Authority (PHSA) and Vancouver Coastal Health (VCH).

Not all document types are housed on SHOP (e.g., PDTM, patient education materials, order sets). See the "Quick Links" below and the "[Links and Resources](#)" page for materials that are housed in other repositories. While geared for staff, it is also great information for curious family councils.

For Health Organization-specific documents:

- [PHC SHOP](#)
- [PHSA SHOP](#)
- [VCH SHOP](#)
